## PROFILE

A passionate and dedicated Full-Stack Developer (MERN stack) and Coding Instructor with a strong foundation in both software engineering and education. With over five years of teaching experience in traditional classroom settings, I transitioned into the tech industry to develop cutting-edge web applications and teach programming. I specialize in full-stack development (MongoDB, Express.js, React, Node.js), as well as web technologies like HTML, CSS, JavaScript, and Python. My teaching experience now extends to coding workshops, one-on-one coding mentoring, and online tutorials for students from primary school to university level.

## WORK EXPERIENCE

### 2023 - PRESENT

#### Freelance Full-Stack Developer - Remote

- Develop and maintain full-stack web applications using MongoDB, Express.js, React, and Node.js.
- Design and implement RESTful APIs for dynamic, data-driven applications.
- Collaborate with clients to understand project requirements, provide technical solutions, and deliver high-quality products.
- Troubleshoot, debug, and optimize code for better performance and user experience.
- Continuously learn new tools, frameworks, and industry best practices to stay ahead in the field of web development.

### 2024 - PRESENT

#### Coding Instructor (Online & In-Person)

- Teach coding to students of all ages, from primary school children to university students.
- Conduct online coding sessions for university students from institutions like LAUTECH, Bowen University, and others, covering topics such as HTML, CSS, JavaScript, React, Python, and more via Meet.
- Develop lesson plans and teaching resources tailored to students' individual learning styles and skill levels.
- Use platforms like Blockly and Scratch to introduce younger students to the basics of programming in a fun and engaging way.
- Mentor students through hands-on coding projects

## EDUCATION

2016 - 2021

#### UNIVERSITY OF IBADAN

- Bachelor of Social Work

2023

#### SQI COLLEGE OF ICT

- Software Engineering

## SKILLS

- Programming Languages: JavaScript (ES6+), Python, HTML, CSS
- Frameworks & Libraries: React, Node.js, Express.js, Next.js, Angular
- Databases: MongoDB, Firebase
- Tools & Technologies: Git, GitHub, Visual Studio Code, Postman, npm, RESTful APIs
- Methodologies: Agile, Responsive Design, Cross-browser Compatibility
- Teaching Tools: Blockly, Scratch, Zoom, Meet

## LANGUAGES

- English
- Yoruba
